

Mount Lilydale Mercy College

Child Safety and Wellbeing Policy

1. RATIONALE

- 1.1. Mount Lilydale Mercy College holds the care, safety and wellbeing of children and young people as a central and fundamental responsibility of the College. Our commitment is drawn from, and inherent to, the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel (CECV Commitment Statement to Child Safety).

The belief that each person is made in the image and likeness of God (Genesis 1: 27), and that the inherent dignity of all being recognised and fostered, is the basis for protection of children and young people. Our Mercy Values of Compassion, Justice and Respect compel us to act to assist others, especially the young and vulnerable.

The purpose of this Policy is to demonstrate the strong commitment of Mount Lilydale Mercy College to the care, safety and wellbeing of all students at the College. It provides an outline of the policies, procedures, actions and strategies that will be implemented to ensure that a child safe culture is championed and modelled at all levels of the College, to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the College.

This Policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Child Safe Standards as set out in Ministerial Order No. 1359.

2. SCOPE

- 2.1. This Policy applies to College workplace participants, including school employees, volunteers, contractors and clergy.

3. PRINCIPLES

- 3.1. As a Catholic school in the Mercy tradition, the College has a moral, legal and mission-driven responsibility to create a nurturing school environment where children and young people are respected, their voices are heard, and they are safe and feel safe (CECV Commitment Statement to Child Safety). The following principles underpin our commitment to child safety and wellbeing:
- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
 - Our College works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and wellbeing and protection.
 - All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their families.
 - All adults in our school, including teaching and non-teaching staff, clergy, volunteers and contractors, have a responsibility to care for children and young people, to positively

promote their wellbeing, to identify and mitigate risks related to child safety and wellbeing in the school environment and to protect them from any kind of harm or abuse.

- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- All members of the College community (including students and their families) are kept informed of child safety and wellbeing matters (where appropriate) and are involved in promoting child safety and wellbeing.
- Staff, clergy, volunteers, contractors, families and students should feel free to raise concerns about child safety and wellbeing, knowing these will be taken seriously by College leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally (including under legislated information sharing schemes being Child Information Sharing Scheme (CISS) or Family Violence Information Sharing Scheme (FVISS)) or pastorally.

4. DEFINITIONS

Child any person who is under the age of 18 years.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) a grooming offence under section 49M(1) of the Crimes Act 1958 (Vic.)
- (b) the infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child.

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to suspicions, incidents, disclosures or allegations of child abuse (Ministerial Order No. 1359).

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Child physical abuse generally consists of any non-accidental infliction of physical violence on a child by any person (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their families (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Mandatory reporting: is a term used to describe the legislative requirement imposed on selected classes of people to report suspected cases of child abuse and neglect to government authorities. Where a mandated reporter forms a belief on reasonable grounds that a student or young person is in need of protection from physical injury or sexual abuse, they are to report their concerns to the Department of Families, Fairness and Housing (DFFH) Child Protection).

Reasonable belief – mandatory reporting: When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a reasonable belief. A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof, but is more than mere rumour or speculation. A reasonable belief is formed if a reasonable person in the same position would have formed the belief on the same grounds (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Reasonable belief – reportable conduct scheme: When a person has a reasonable belief that a worker/volunteer has committed reportable conduct or misconduct that may involve reportable conduct. A reasonable belief is more than suspicion and there must be some objective basis for the belief. It does not necessitate proof or require certainty.

NOTE: the difference between the reasonable belief definitions under mandatory reporting and the reportable conduct scheme is the category of persons who are required to, or can, form the reasonable belief which forms the basis for a report.

Reportable conduct: Five types of reportable conduct are listed in the Child Wellbeing and Safety Act 2005 (Vic.) (as amended by the Children Legislation Amendment (Reportable Conduct) Act 2017). These include:

1. sexual offences (against, with or in the presence of a child)
2. sexual misconduct (against, with or in the presence of a child)
3. physical violence (against, with or in the presence of a child)
4. behaviour that is likely to cause significant emotional or psychological harm
5. significant neglect.

School refers to the College, with both terms used interchangeably.

School environment means any of the following physical, online or virtual places used during or outside school hours:

- a campus of the school
- online or virtual school environments made available or authorized by the College for use by a child or student (including email, intranet systems, software, applications, collaboration tools and online services)
- other locations provided by the College or through a third-party provider for a child or student to use including, but not limited to, locations used for school camps, approved homestay accommodation, delivery of education and training, sporting events, excursions, competitions and other events) (Ministerial Order No. 1359).

Volunteer means a person who performs work without remuneration or reward for Mount Lilydale Mercy College in the school environment.

School staff and/or Workplace Participants means an individual working within a school environment who is:

- directly engaged or employed by a school governing authority
- a contracted service provider, consultant, student on placement or volunteer engaged to perform child-related work for the College
- a minister of religion, a religious leader or an employee or officer of a religious body associated with the College.

The Principal has the overall leadership role in monitoring and responding to the policy, procedures and practices for child safety and wellbeing in the College in accordance with this Policy.

The College has appointed the Deputy Principal Pastoral Care as the College's Child Safety and Wellbeing Officer. The Child Safety and Wellbeing Officer is available to answer any questions that an individual may have with respect to the College's Child Safety and Wellbeing Policy and the Child Protection Program. The Child Safety and Wellbeing Officer can be a first point of contact for reporting child safety issues within the College. They receive special training that allows them to deal with child safety concerns both sensitively and effectively.

5.7. Student Safety and Participation

The College actively encourages all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report their concerns. We listen to and act on any concerns students, or their families, raise with us.

The curriculum design integrates appropriate knowledge and skills to enhance students' understanding of being safe, as well as their understanding of their rights to safety, information and participation. Teaching and learning strategies that acknowledge and support student agency and voice are implemented. We ensure that students are offered access to sexual abuse prevention programs and to relevant related information in an age-appropriate way.

We have developed appropriate education about:

We document, implement, monitor and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

The Child Safety and Wellbeing Team, Emergency Management Team, and Occupational Health & Safety (OHS) Team have been created to implement, monitor and review risks and risk management

strategies to ensure continuous improvement of its child safety systems and practices. Policies and procedures will be regularly reviewed to ensure they are working in practice and updated to accommodate changes in legislation or circumstance.
